## PROFILE

Double-degree engineering and business student focused on combining technical expertise with strategic problem solving. Currently leading the largest student-run business conglomerate in the Nordics, driving growth and delivering professional services to leading Swedish enterprises

## EDUCATION

### BSc Mechatronics & Automation Engineering 2023 - 2026 (100%)

Chalmers University of Technology

I have built expertise in system engineering, C/C++ programming, and dynamic systems design. I've worked with Catia V5 for CAD modeling and PLC programming for automation. My education has provided a solid foundation in control systems, robotics, and AI, focusing on integrating mechanical, electrical, and software components to solve complex problems. I aim to apply this knowledge in automation, smart technology, and sustainable solutions, combining technical skills with strategic insight to drive impactful innovation.

### BSc Business Administration

2024 - 2027 (100%)

School of Business, Economics and Law at the University of Gothenburg

I have gained a solid foundation in organizational leadership, marketing, external accounting, management control, and economics. This has equipped me with skills in business strategy, financial management, and economic analysis, enabling me to address complex business challenges and contribute to organizational growth.

### McKinsey Forward Program

Sep 2024 - Dec 2024

McKinsey & Company

## WORK EXPERIENCE

### President & CEO

Jun 2025 - Ongoing

HandelsFöretagen

Leading the largest student-run business conglomerate in the Nordics with 180+ students across 7 companies. We deliver high-quality services in law, accounting, marketing, and management to leading Swedish enterprises.

During my first quarter (Q3), HandelsFöretagen delivered its strongest Q3 ever with 95 percent revenue growth, and more than double the sales year-over-year.

### Founding CEO/CTO

Oct 2026 - Ongoing

CampusLyan

Leading a ten-person engineering team developing a modern student housing platform

### Platform Development Internship

Jun 2025 - Aug 2025

Volvo Buses

Virtual Verification & Analysis. One project I worked on was app development of softbutton visualization concepts for next-generation bus platforms

Tech stack: Kotlin, Java, Python, Figma, SystemWeaver, C#

### Management Consultant

Jan 2025 - Jul 2025

HandelsConsulting

I focus on strategy, customer insights, operational management, digital transformation, sustainability, and organizational development for large corporations. \* Promoted after exceeding 150% of a 3-month sales target within my first 5 weeks.

\* Offer received: Business Area manager.

### Founder & Fullstack Developer

Apr 2024 - Mar 2025

StuNote

An innovative platform offering study notes, a marketplace for used books, and an AI-powered quiz function to help students prepare for exams.

Tech stack: Next.js, TS, JS, MySQL, PHP, TailwindCSS, Figma

### System Technical Group Leader

Aug 2022 - Jun 2023

Swedish Armed Forces

Specializing in radio systems, managing technical operations, troubleshooting, and ensuring the optimal performance of communication systems.
